Staffordshire County Council admissions at normal age of entry: academic year 2026/2027

The normal point of entry for admission to First, Infant and Primary Schools is Reception where upon full time places will be available in September of the academic year in which the child becomes five years old.

Although parents have the right to express a preference for the school that they wish their child to attend, there is no guarantee of a place being offered at their preferred school.

It is the Staffordshire County Council's policy to try and meet parents' wishes where possible, however in some cases there may be more applications for a particular school than there are places available.

In accordance with legislation, children who have an education, health and care plan (EHCP) that names a particular school as being the most appropriate to meet the child's needs must be admitted to that school. This will reduce the number of places available to other applicants.

Admission to oversubscribed community and voluntary controlled schools are determined by the oversubscription criteria detailed below.

Staffordshire County Council's current admission arrangements can be found [here](#).

[All pupils are admitted](#) at the beginning of the school year following their fourth birthday.
